

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1           **Claim 1 (currently amended):**    A surveillance camera  
2           apparatus comprising  
3                 a storage means formed of a rewritable non-volatile memory,  
4           ~~which~~ for storing data, wherein said storage means records  
5           operation history of the surveillance camera at constant time  
6           intervals of a predetermined time period.

1           **Claim 2 (currently amended):** A surveillance camera  
2           apparatus according to claim 1, wherein the storage means records  
3           ~~an accumulated~~ number of preset operations executed during the  
4           predetermined time period as the operation history.

1           **Claim 3 (currently amended):** A surveillance camera  
2           apparatus according to claim 1, wherein the storage means records  
3           ~~times~~ an accumulated number of automatic panning operations  
4           executed during the predetermined time period as the operation  
5           history.

1           **Claim 4 (currently amended):** A surveillance camera  
2           apparatus according to claim 1, further comprising a power supply  
3           for supplying power to the surveillance camera wherein the  
4           storage means records ~~turn-on times~~ an accumulated turn-on time  
5           of a power supply executed during the predetermined time period

6 as the operation history.

1 Claim 5 (currently amended): A surveillance camera  
2 apparatus according to claim 1, further comprising a filter  
3 changing unit, wherein the storage means records ~~an~~ accumulated  
4 number of filter changing unit operations for changing a filter  
5 of the camera executed during the predetermined time period as  
6 the operation history.

1 Claim 6 (currently amended): A surveillance camera  
2 apparatus according to claim 1, wherein the storage means records  
3 ~~an~~ accumulated number of coordinate system resetting operations  
4 for resetting coordinate data of the camera executed during the  
5 predetermined time period as the operation history.

1 Claim 7 (currently amended): A surveillance camera  
2 apparatus according to claim 1, further comprising an internal  
3 temperature sensor for obtaining a temperature within the  
4 surveillance camera, wherein the storage means records a maximum  
5 temperature and a minimum temperature within the ~~apparatus~~ camera  
6 obtained during the predetermined time period as the operation  
7 history.

Claims 8-11 (canceled)
